SHIRE PRESIDENT'S APPEAL TO PARENTS

The Shire President, Cr. G. den Dulk, is appealing to more parents in Altona to take an active interest in Church, Youth and sporting organisations catering for the teen age youth of the Shire.

He feels if more parents would show their interest in these activities their children would naturally follow their lead and so develop interests which would keep them from roaming the streets until 2 and 3 a.m. in the morning.

Recently a resident of the Shire had called on Cr. den Dulk to show him his condition after being beaten and kicked by a group of 15 and 16 year old lads in the early hours of the morning. Cr. den Dulk said the nefarious activities and the language in the streets of teenagers had been reported to him on numerous occasions.

He does not consider Altona to be any worse than other districts, but he is perturbed that such happenings occur. He feels something is wrong when parents can let their children roam to 2 a.m. in the mornings.

He said the council has provided two youth halls and provided funds for the Life Saver's Hall in the Shire. It was felt they were as essential for the young people as roads and footpaths for their parents and the provision of these halls had been a burden to the Shire.

It appears there are adequate Church and sporting organisations to cater for the varying tastes of the youth. Cr. den Dulk said he personally knows the Life Sav-

ing Club would take another 40 members, the marching girls have vacancies and he is sure all other clubs are capable of catering for more members.

It is the parents we need to take an active interest in these clubs and draw the children into them, said Cr. den Dulk.

Finally, he said, in the new year he will call a meeting of Church, Youth and sporting organisations to discuss this problem. He considers this will be the first step in the right direction to try and find a solution to the problem.

LIVELY COUNCIL MEETING

With over 60 people in the gallery the atmosphere was lively at the meeting of Altona Shire Council last Tuesday night.

Two ex-councillors invited to the meeting were lost in the throng. They were the first Shire President, Mr. G. Ransom and one of the first councillors, Mr. F. Rush.

The majority of onlookers were objectors to a private street scheme in the Altona North area.

Others were ratepayers who had signed a petition objecting to the closing of Surf Street, Seaholme.

The Council Chamber was over-crowded and people spilled out through doorways into side rooms. Some stood outside and watched and listened to the proceedings through the windows—at least it was cooler outside.

At one stage a diversion was created by a resident from another suburb who became upset at a council decision which did not meet with her approval. She

stalked out, giving loud voice to her views on Altona and Altona Councillors.

Proceedings were held up until the voice faded in the distance and the Shire President, Cr. G. den Dulk, could make himself heard above the commotion.

Throughout the meeting Cr. den Dulk was alert at all times to keep the meeting in order. Some of the objectors to the street scheme were inclined to be a little hot headed and tried to keep making interruptions during discussions by councillors. Cr. den Dulk was able to keep them in check and keep the meeting running in an orderly manner.

STREETS TOO DEAR

Once again ratepayers in Altona North have objected to a private street scheme. The result is Council, at their next meeting, will consider rescinding a recent motion adopting a new method of street charging.

The area concerned covers portions of the following streets—Mitchell, Collins, Sutton and Cleghorn Avenues, Park and Hearn Streets, Angus Avenue, Little Street, MacDonald Avenue, May and Marion Streets.

Residents of these streets turned up in force at the council meeting on Tuesday night to voice their protests against the method of assessing the road making charges for each property and at what they considered to be the very high cost of same.

Three hundred first schedule notices for full street construction using a different method of charging recently adopted by the council had been sent to the ratepayers of these streets. Instead of apportioning the street costs on the actual footage in front of a property the costs were apportioned equally between all building allotments fronting a street. Irrespective of whether the property was 50 feet or 60 feet wide the road making charge was the same. The only variation was for corner blocks, which were assessed at the same amount as the others plus one third again.

In one street the assessment was £417 for each building lot with the corner block paying an extra £139.

It was noticed at the meeting that when the Shire President, Cr. G. den Dulk, asked if a ratepayer of any of the corner blocks concerned was present to object to the scheme there was no response from the gallery and Shire Secretary, Mr. J. Waters, said no corner block owner had sent in an objection.

Three petitions containing 103 signatures and many letters objecting to the scheme were read out by Mr. Waters to the councillors.

One of the main objections was the rise in costs from

an estimated £312/10/- four months ago to £417 on these first schedules. Objectors were of the opinion that the new method of assessing the charges was the cause of the increase. It was considered most unfair and unjust that owners of 50 ft. blocks should pay the same as the owners of 90 ft. frontages. They also objected to two thirds of the cost of corner blocks being divided between other frontages. Residents said they had purposely not purchased the more attractive, larger or corner blocks because of street charges. People who purchased these blocks knew they were in for heavy road costs but had the advantage of position.

The small block owner strongly objected to paying towards the cost of the large block owner.

After listening to the objections Cr. den Dulk considered councillors needed more detail and a closer look at the objections. He suggested the ratepayers form a deputation with three spokesmen to attend the next council meeting.

Before a decision was made Cr. H. W. Lee asked the shire engineer, Mr. R. C. Simmons, if there was anything over and above the new method (Unit System) of assessing the charges which contributed to the high cost of construction.

Mr. Simmons replied when the ratepayers were given a figure of £6/5/- per foot four months ago it was never intended as a fixed price—only an estimated figure to give residents an idea of the cost.

LOCAL BALLET GIRLS AUDITIONED FOR CITY SHOW

Ten ballet students from Keane's School of Dancing were among the 500 dancers who auditioned for 12 parts in the Australian Ballet's Nutcracker presentation, which will open on Boxing Day.

Although they were not successful in gaining a part they did very well to reach the finals—Christine Sebbins and Vera Thompson being in the last 24 after all the other dancers had been dismissed.

Pictured above (from top to bottom) are: Janet Kennedy, 13, of Laverton, Lynda Keane, 13, of Altona, and Lynette Herrick, 11, Christine Sebbins, 10, and Janet Francis, 7, all from Laverton.

Also at the auditions were Lindsay Smith, Myra Bridger and Gary Keane.

PAINTERS WANTED

The task of painting the exterior of the Scout Hall in Civic Parade, Altona, is nearly completed.

Voluntary workers have been on the job for the past two weekends and they hope to finish the job next weekend.

Helpers are again asked to come along at 9 a.m. on Saturday morning.

SNOWDROPPERS

In August we warned residents snowdroppers were active in the Seaholme area.

It appears that thieves are still active as one resident in this same area has had an expensive evening gown stolen off her clothes line and another housewife has washing left out over night.

BIKES FOUND IN SEA

Two swimmers saw more than fish when they dived off the Altona Pier last weekend.

On investigation they found two ladies bikes which had, it appears, been thrown off the pier.

The bikes have been recovered and are awaiting owners at the Altona Police Station.

UNINVITED GUEST

Altona Bowling Club members were perturbed at the intruder on their green the other day.

Mr. Fred Verrall, assistant greenkeeper, smartly dispatched the uninvited guest—a 3 ft. 7½ in. tiger snake basking in the ditch.

Big Day for Shire

December 7, the date for the opening of the new Civic Office, is a most important date for residents of Altona Shire.

There will be many visitors attending functions and inspecting the town. Therefore it is up to residents to make our Shire as attractive as possible.

The Shire President, Cr. G. den Dulk, appeals to the business people in Pier St., The Circle, Millers Road, Borrack Square, High Street etc., to make an extra effort and decorate their shops to help make a good impression on visitors.

He also pointed out the day is very close to Christmas and the decorations could carry over for the festive season.

Proceedings on "the day" will commence at 10.45 a.m. when the official party will board buses at the Civic Offices and travel to The Circle Shopping area at Altona East and await the arrival of official visitors.

At 11.30 a.m. the buses will leave for a tour of the Shire and on to the Central Hotel for the Official Luncheon.

For the official opening ceremony the party will arrive back at the Civic Offices in time for a 2.45 p.m. start. A special commemorative Council meeting and inspection of council suite, hall and offices will be followed by afternoon tea.

It will be High Tea at the Central Hotel at 6.20 p.m.

The Civic Ball in the Civic Hall will commence at 8 p.m. Tickets are available for residents to attend the Ball. They are limited to two per applicant and may be reserved by calling at the Civic Offices and donating £1 per ticket towards the Altona Hospital. Dress formal.

Arrangements have been made for further functions during the following week. On the Monday night, December 9, a Civic Dance will be held in the Civic Hall. A nominal charge of 3/- per ticket will be made, proceeds to aid the Elderly Citizens' Club.

Tuesday will be the first ordinary meeting of Council in the new council chambers.

On Friday night, December 13, will be the first Naturalisation Ceremony to be held in the new Civic Hall.

EDITORIAL

TECHNICAL SCHOOL CHAPLAIN

Recent correspondence in the "Age" deals with religious education in general and high and technical schools' chaplains in particular.

The finding of a recent Gallop Poll that 82% of our population believes religious education is essential, is interesting. However, religious education in a limited sense is not sufficient. Our examination of Altona's Primary and Secondary Schools shows that a satisfactory schedule of religious teaching is given in most if not all of our schools. This is good and while probably not adequate is all we can expect as far as primary schools are concerned.

Something more than the imparting of Christian knowledge is required in our secondary schools. In our Technical School in particular a full time school chaplain is necessary. Boys verging onto young manhood face many problems other than those relating to school work. A chaplain can associate with the lads and gradually make personal contacts. He can become a guide and a counsellor.

That this fact is realised is obvious in the rapid growth of the chaplaincy movement. At present 17 high or technical schools have full time chaplains. A number of other schools are interested but at present the appointment of but two additional chaplains per year is possible.

There are two main problems. One is finance. The cost per chaplain per annum is in the vicinity of £1800. The local committee would need to raise this amount and show at least that a similar amount would be available for two further years. The churches pupils, parents and local business firms are the expected sources of income.

The other problem is that of personnel. The central committee make every step to ensure that qualified people with suitable temperaments are appointed. This, with increasing numbers, is becoming more and more difficult.

There are thus many problems in the way of Altona's obtaining a Technical School (or High School) Chaplain. It is however, necessary and delay is not desirable.

Wedding - Keeshan Wilson

Mr. Ray Wilson and his bride after their marriage, which was celebrated at the Baptist Church, Altona, last Saturday.

The bride was formerly Gloria Keeshan, elder daughter of Mr. and Mrs. Francis Keeshan, of 7 Linnet Street, Altona. The groom is the youngest son of Mr. and Mrs. Wilson, of 122 Melbourne Road, North Williamstown.

A white embroidered satin sheath frock, falling into a train at the back was worn by the bride. Her embroidered finger tip veil was held in place with a pearl coronet. She carried a bouquet of roses and gardenias.

Pam Keeshan, the bride's younger sister, was bridesmaid. She wore a full length blue duchess satin frock, which had a bell skirt and scooped neckline.

There were two flowergirls—Gayle Howell, a cousin of the bride, and Jennifer Black, the bridegroom's niece. They wore identical frocks to the bridesmaid and all three had pearl embroidered blue satin bands in their hair and carried a snowball of flowers of white carnations and pink orchids.

The best man was Michael Cumming, friend of the groom.

The bride's mother was very chic in her pale green nylon organza ensemble worn with a pink straw bowler hat, trimmed with roses and bone shoes and bag.

Mrs. Wilson, the groom's mother, was charming in her biscuit linen suit, bone topper and brown accessories.

A breakfast and reception for the 200 guests was held in the Severn Hall, Severn Street, Yarraville.

At the breakfast music was provided by Alan Wilson, brother of the groom.

The bride changed into a very attractive peacock green tie silk frock and coat of pink tulle hat before the happy couple left to start their honeymoon tour to the Gold Coast.

ELDERLY CITIZENS VISIT HEINZ PLANT

A party of 80 members of the Altona Elderly Citizens' Club, led by the secretary, Mrs. Farrant, were recently guests of the H. J. Heinz Company in a tour of its food processing plant at Dandenong.

The members who were divided into small parties each led by a hostess of the Heinz Escort Service were shown all phases of canned food processing from raw materials to finished products.

They were particularly impressed with the gleaming modern kitchens and the manufacture of some of the 7,000,000 dozen cans of special baby foods produced at Dandenong each year.

After their tour, they were given refreshments and each visitor received a special presentation pack of Heinz products.

More than 75,000 visitors have been through the Heinz factory since the escort service began in 1956.

Local Girl Weds

The marriage of Coral Gadsden and Brian Nicholson was celebrated at the Methodist Church, Seves Street, Altona, last Saturday.

The bride is the youngest daughter of Mrs. D. Gadsden, 79 Queen Street, Altona, and the bridegroom is the younger son of Mr. and Mrs. Nicholson, of Traralgon.

A beautiful white satin gown with the full skirt falling into a long train at the back and with a front panel embroidered with lily-of-the-valley was worn by the bride. A coronet held her short veil in place and she carried a bouquet of frangipani and water-lilies. She was given away by her brother-in-law, Mr. J. Newton.

The bridesmaids in identical aqua satin long frocks

were Diane Mouser, Judith Nicholson (the groom's sister), and Julie Haigh (the bride's niece). They too carried frangipani bouquets. The bride's cousin, Lee-Anne McDonald, was flowergirl and her dress and flowers matched the bridesmaids.

The brides mother was very smart in her silk taffeta ensemble with matching bag and shoes and aqua hat and gloves.

An attractive white petal hat set off the pink ensemble worn by the bridegroom's mother.

Best man was Adrian Boyd, cousin of the groom and the groom's brother, Graham, was groomsman.

Over 100 guests, some specially travelling from Maryborough, Morwell and Traralgon, gathered for the reception held in the Life Saver's Hall.

A pretty flame coloured tie silk frock and coat ensemble worn with white accessories was the lovely outfit chosen by the bride for travelling.

The couple are honeymooning in Canberra and Sydney.

Innings Win to Altona C. C.

Altona first XI consolidated first position on the premiership ladder with an innings win over Kororoit Stars at the Strand Reserve, Newport, last Saturday. Altona, resuming their first innings with the score at 7 for 125, carried on for a total of 160. Frank Thomas carried his bat for a total of 43.

Kororoit Stars were required to bat again in an attempt to pass Altona's lead of 78 runs. This lead proved to be too much for the Stars when they failed by three runs, thereby giving Altona their first outright win for the season.

Best bowlers for Altona were Joe Mildenhall 4/9 and Jack Blokeerus 3/40.

B GRADE TURF

Altona's second XI were unable to score a win over Newport Power House in a very hard fought match, in which Power House were unfortunate to have three batsmen missing for their second innings.

One of these men, C. Bartonton, made up for this by bowling very well to take 5/23.

Altona had earlier dismissed Power House for 63, which left a total of 97 runs to win outright. Barry Hogan and Jim Page put Altona well on the way to make the score at one stage 3 for 73, but

good bowling and inexperience was too much for Altona, who finally went down by only six runs.

After Saturday's determined effort Power House fully deserve top place on the premiership ladder.

PAPER AND BOTTLE DRIVE

A paper and bottle drive will be held next Sunday, November 17. Everything can be left at R. Duckett's, 161 Blyth Street, Altona.

ALTONA A.N.A. MOVE INTO FOUR

Altona, resuming 12 runs ahead on the first innings with eight wickets standing, collapsed quickly to be 8 for 97, but two fighting partnerships helped the total to 132, a lead of 61.

Top scorers for Altona were Alan Hunt with 52 and Garry Mildern with 33.

Two bowlers took the wickets for Spotswood. Alan Raymer took 6/30 and Bert Johns 4/43.

Spotswood Imps' second innings was just one long procession to and from the wicket as wickets fell rapidly and they were all out for 54.

Noel Peel made top score with a quick 15 and former wicket keeper Norm Trickey, did well with the ball to take 3/17.

B. Oldfield Set for Hat-Trick

After batting aggressively to tea to notch 4 for 166, Werribee South declared and sent Werribee (2) to the crease. All batsmen seemed to have reasonable success with the bat, the most successful being Neil Boyd, who finished with a tidy 56.

Brian Oldfield also batter briskly for 41, then capped the day off with a fine bowling effort by taking two wickets off the last two balls of the day.

Oldfield now has the chance to capture a hat-trick, an honour which evades most bowlers.

Weather permitting, South should obtain a win and make it three in a row this game.

WERRIBEE (1) DOWN

In the surprising result of the round, State Research Farm routed last year's premiers Werribee, to dismiss them for a meagre 41.

The bowling honours were taken by Paul Doolan, who took 4 for 15 off 10 overs, Jim Murphy, who took 2 for 14 and Denis Cooney, who finished with 2 for 8.

Research Farm then took to the weakened Werribee bowling and at stumps were in a commanding position, being 2 for 115.

The two not out batsmen at stumps were Harry Lang and Denis Cooney, who have added 73 for the second wicket partnership to date. Lang is 40 not out and Cooney 51 not out.

Laverton batsmen now face a big hurdle in hitting the large score on Saturday.

Prior to that they took part in a street march at Sunshine organised by the local Lions Club.

Next Sunday they will be taking part in the marching display at the Children's Safety Rally which is being held below Footscray Park.

The club has thought up a novel competition to raise funds—they have had a gigantic Christmas Cake made and are asking people to guess the weight.

On December 7 their Christmas party and presentation night to be held in the Memorial Hall, will take

for form of a Hawaiian night.

The next of their regular evenings with plenty of novel prizes will be in the Memorial Hall at 7.30 p.m. on November 23.

Throughout the afternoon children's bicycles will be tested for roadworthiness by members of the Victoria Police Courtesy Squad, using the

BP bicycle testing machine. Car drivers can test their reaction on the National Safety Council's "Reaction Time-Meter." There will be prizes for the best individual times by a lady and gentleman.

This rally has been organised by the Footscray and District Safety Study Group which consists of representatives from industrial and commercial organisations from Footscray and surrounding districts.

Duplicator, sports equipment, typewriters, record player, educational toys for the infant school, pie heater, refrigerator and library books.

PIANO WANTED

Members of the Laverton Girl Guide Company are anxious to acquire a piano.

The guides enjoy singing and combine with the scouts for socials and dances and they feel "live music" would be more enjoyable than the "canned" variety.

It is thought that some kind person may have a piano for which they no longer have any use. If necessary, the guides are willing to pay for one.

Mrs. Frearson of Fleetwings Service Station, Laverton phone 68-0363, would be delighted to hear from anyone with a piano suitable for the guides use.

A successful annual fete was held in the Scout Hall last Saturday, November 9, and the proceeds from this function will enable improvements to be made to the Hall in the near future.

The group committee wishes to thank all the donors for their fine gifts and everybody who helped to make the function a success.

Competition winners for the dressed doll and the Sunday Dinner were respectively—Mrs. Granville, 6 Cobby Street, and Mrs. McCallig, of Elm Street, Laverton.

A crazy whist card night will be held in the Scout Hall next Friday, November 15, at 8 p.m. Supper provided and everybody welcome.

NATIONAL SAFETY COUNCIL REACTION TIME-METER

The National Safety Council's Reaction time-meter will be demonstrated at the Children's Safety Rally on Sunday afternoon at Footscray Gardens.

Members of Sunshine Junior Chamber of Commerce will test members of the public on this machine which enables persons to check their reactions to an emergency similar to situations experienced by drivers on the highway.

The person being tested watches for a red light to appear and then operates pedals similar to the controls of a motor vehicle. The total time taken to react to this change and operate the "brake" pedal is indicated. Persons tested are given a card showing both the time and the distance a car would travel in that time. A speed of 30 mph is assumed. Another card explains reaction times and shows relative braking distance for higher speeds.

SPORTING PERSONALITIES PAST AND PRESENT

No. 15—TERRY GRAY.

Eighteen years ago, and at the age of five, Terry Gray was the youngest person of his year to receive a swimming certificate in a "Learn to Swim" campaign and this early tuition in the art of swimming was to stand him in good stead later on in his life.

Terry, when 12 years old, was confronted with the task of saving a 14 year old friend from drowning in the Yarra River at Warrandyte and it was here that Terry was able to exert the knowledge of his continued swimming lessons and bring his friend ashore.

Under the guidance of Joe Fogg, with whom he originally learned to swim, Terry, in 1948-49, when competing in the Northcote Swimming Club's Championship, equalled the record for the under 12 33 yards event in his heat.

In 1949-50, Terry went on to win the under 12 33 yards championship which was held by the Northcote Swimming Club. For five years from 1951 to 1956 Terry was accredited with being the all-round swimming champion of his school, the Northcote High, where in 1956 he was appointed captain of the school swimming team.

At the old Olympic Swimming Pool Terry was successful in filling third place in the State Junior Breast Stroke Championship for under 16 years old competitors. The State Novice Swim Wade Championship was won by Terry in 1960, an open water event of 300 to 400 yards, and as a member of the Altona Life Saving Club he won the Club Championship for the same event in three consecutive years, 1958-59-60. During that time he was Club Captain for one year.

Terry is not only known for his record as a swimmer, but he can also claim some recognition as captain of the local ANA Cricket Club XI, a position he has held for three seasons. Bowling is a strong point with Terry, in the 1958-59 season he won the club bowling average with a 9.3 runs per wicket and again in 1961-62 he won the club average with a 10 runs per wicket performance. A medium pace bowler, Terry has to his credit the first class effort of having taken 17 wickets in one match and having less than 40 runs hit off him on that occasion. As

WEST NEWPORT BASEBALL CLUB

West Newport played well all day last Sunday to beat Allstars 1-0 in a very exciting game. Tony Michael pitched and only allowed Allstars one hit.

Very few errors were made by West Newport and the good form shown by relatively inexperienced players stood out well for future matches.

This win now takes West Newport into fifth place.

Best players were Tony Michael, Kevin Michael and Peter Campbell.

NEXT MATCH

The next match will be against Newport on Sunday, November 24, at 1.45 p.m. As the ground has to be marked out all players are asked to be out no later than 1 p.m.

All games are played at the Victorian Summer Baseball Ground, behind the St. Kilda Football Ground. There are two games each Sunday, the first commencing at 1.45 p.m. till 3.15 and the second from 3.30 till 5 p.m.

for batting, Terry has a best top score of a half century to his credit.

Further to being captain of the ANA XI, Terry has the honour of leading a combined 23 years Williamstown and Footscray District Association XI in a series of matches against other suburban teams.

Although he did not meet with the same success in swimming, Terry played football for the Northcote High School.

Terry has to his credit several certificates given by the Royal Life Saving Society for various stages of life saving activity. These certificates cover swimming and rescue, and resuscitation, which he gained in 1952 and 1960 respectively, topped off by the reel and line instructor's certificate in 1959. Now that the swimming season is upon us, Terry is of the opinion that all children who have not already had the opportunity, should learn to swim as soon as possible and Terry is in a position to judge, as he once had the opportunity to put his swimming knowledge to the best advantage.

Ladies, the next general meeting will be held in the club rooms on Monday afternoon at 1 p.m., on November 25.

The committee appeals to all members to come along and increase their interest in the club by participating in discussions on business, being dealt with at the meeting.

They are also concerned that donations are lagging for the Christmas Hamper and wish to remind the ladies that it would be appreciated if, when attending the club, each one would bring along a gift to help swell the contents of the hamper.

WERRIBEE RIFLE CLUB

Next Saturday members of the Werribee Rifle Club will participate in a pennant shoot at Williamstown.

To date, the opponents on the range are not known, but as the boys are in good form, they should give a good account of themselves.

On Friday, November 22, a social evening will be staged at the club rooms and all members are requested to be in attendance.

The first open prize meeting of the club will be staged at the club range in Aviation Road, Point Cook, on Saturday, December 7, when the club will be honoured with the presence of Perce Davey, multi Queen's Shoot winner and one of Australia's finest riflemen.

This should be a good day for rifle enthusiasts and anybody interested in dropping down for a look should watch later issues of the "Star" for further particulars.

OPEN SATURDAY MORNING

Altona West Primary School

Altona West Primary School, No. 4862, was fortunate in the appointment of Mr. R. T. Rose, B.Com., Dip Ed., as its first head teacher. His organising ability and enthusiasm were such, that his efforts supported by a zealous staff, established the school on a firm basis. An effective foundation of the present school was laid in the first few weeks of his administration. The school has been in being since February, 1962. It will be officially opened by the Minister of Education in December of this year.

Mr. Rose and his staff received notice of their appointment to the school on November 20, 1961. The buildings, including eight class rooms, were erected and ready for occupancy in January, 1962.

At 9 a.m. on February 6 the first school assembly was held. Pupils from areas adjacent to the school, previously attending Altona Primary School in Blyth Street, numbered approximately 200. At this opening ceremony about 100 parents also attended. A comment from the district inspector reads, "The start made at this school was excellent and reflects great credit on the head teacher and staff."

Following on the opening early steps were taken to enlist the interest and co-operation of parents. On February 8 the school committee was formed. From over 40 parents 16 nominations were received. The eight elected included Mr. de Neef as president, Mr. C. Woodworth as secretary and Mr. W. Hitchcock as treasurer. They still hold these positions.

On February 15 a parents open evening was held. One hundred and fifty attended, meeting the teachers and viewing the school. The parent interest shown at this meeting has been well maintained since.

On February 22 the mothers' club was inaugurated. Sixty mothers were present. Mrs. J. Holden was president, Mrs. G. Dern secretary and Mrs. D. Hardman treasurer.

Mrs. Rivett is the present secretary, Mrs. Morgan the treasurer and there is a temporary vacancy for the president.

On March 1 school uniforms were chosen. Grey for boys, grey tunic and blue shirts for girls. School colours are saxe blue and light blue.

A canteen was obviously necessary, the school being isolated from shopping facilities. A small room was made available and about 40 mothers formed a roster to staff the canteen. The profit from the canteen has been a valued addition to committee funds.

Both parent bodies having been formed, they set about giving assistance where necessary and raising monies to provide school equipment and amenities. The school at that stage lacked much desirable equipment.

It still has shortages but much has been done through the efforts of the committee and Mothers' Club, subsidised by the Education Department. Grateful acknowledgement is given to all sections of Altona industry and others who have well supported the school.

In December, 1962, Mr. Rose received promotion to the position of District Inspector at Wangaratta. Mr. R. Walker took over as head teacher in February, 1963.

In less than two years it has been possible to provide a public address system, a film projector, about £300 worth of library books, music appreciation records, a typewriter, a floor polisher and a great deal of sporting equipment. Various unfilled

needs include a tape recorder library books, gramophone records, record player, films, playground and sporting equipment, power a lawn mower and class room aids of various types.

School activities in sport include football, cricket, softball and basketball, swimming and general athletics. The school is a member of the Williamstown and District Schools Sports Association. A good sporting spirit prevails but as yet no outstanding success has been achieved. This may be partly due to the relatively small proportion of pupils in the higher grades.

There is a school choir conducted by Mr. R. Laurie. They were heard at Williams town during Education Week at the Musical Festival. Head teacher, Mr. R. Walker, leads a musical appreciation club — a more extensive library of suitable records is ever desired.

Mr. M. Carter has organised a Gould League of Bird Lovers.

In common with other schools the habit of thrift among scholars has been fostered by the introduction of State Savings Bank accounts.

Adequate religious education periods are given weekly by approved persons.

A newsletter is published two or three times a year. This joint contribution of teachers, committee and Mothers' Club deals with all aspects of the progress of the school. This is given to all scholars. It is believed that this paper makes an essential contribution to the school tradition.

The annual Education Day was a great success. A gratifying number of parents attended. They saw a practical demonstration of the work including the most modern methods of teaching.

An innovation believed to be unique was the introduction by Mr. Rose of graduation evening. This is a recognition of Grade 6 pupils on their transfer to other schools. On this evening certificates bearing the school crest and motto are given to each of these pupils.

The school is classified as second class. School numbers are expected shortly to exceed the 300 mark. So that in 1964 the school will get graded first class.

It is proposed by the Department to add another four class rooms by the end of 1964.

The canteen which is giving essential service on a five day week basis is still housed in a class room. Funds to the extent of £500 have been raised by the committee and Mothers' Club. With the co-operation of the Public Works Department it is anticipated that a canteen building will shortly be erected.

Much more needs be done with the school grounds. Extensive improvements were made in 1963. A lawn area is in preparation, trees are being planted according to plan and some filling has been provided for low lying areas. Much of the ground is under water after heavy rain. The drainage of this area is a problem which will need consideration at Government level. Playground equipment, goal posts, a cricket pitch and bicycle racks have been provided. Not the least is a 10 foot high entrance sign over the front pathway now being completed.

Of the original staff, but three remain—Mr. Carter, Mr. Laurie and Miss Davis. However, the school tradition has been well maintained. Mr. Walker and a staff of eight teachers have shown themselves worthy successors to those who gave the school such an auspicious commencement.

For a school that has yet to be opened the progress made has been remarkable. Not the least of these achievements has been a strong Mothers' Club, an effective school committee and a constant parent-teacher interest. The school can look to the future with confidence.

ALTONA EAST PRIMARY SCHOOL

TRANSFERS
Next year will see some changes in staff. Mr. J. Woodland has transferred to his home town, Geelong.

He is responsible for much of the tree planting and gardens and will be missed.

Mr. Schier, an enthusiastic horticulturist, has kindly offered to carry on with the good work.

Miss Wishart and Miss Muir, from the infant department, are transferring and both will be a loss to the school.

APPOINTMENTS
New staff for 1964 consist of Miss W. Taylor, Miss M. Friedenberger, Mrs. L. Korbut, Miss Y. Preston, Miss D. Kent and Mr. P. Fanning, who will replace Mr. Woodland.

GENERAL
The school drum band was honoured to be asked to play for the marching at Sunshine and District State Schools Sports Association. They were also asked to play for the Footscray and District Sports meeting, but the bad weather caused a postponement.

The next meeting of the school committee will be held on Tuesday, November 26, to arrange to help the Mothers' Club organise the annual break up taret.

SEAHOLME RECORDER BAND SECOND AT EISTEDDFOD

The Seaholme School completed an excellent year in Recorder Band Competition by finishing second to Rosanna Golf Links School at the Hartwell Eisteddfod.

The two bands were separated only by choice of instruments after being equal on 116 points out of a possible 120 points.

Rondo Allegretto. — High marks were given for the feeling and rhythmic phrasing and perfect discipline of the band, 58 points out of a possible 60.

There was a Jolly Miller. — Feature of this piece was the solo introduction and the good triple playing, 58 points out of a possible 60.

The band was trained and conducted by Miss H. Lapidus, a Grade 3 teacher.

ELDERLY CITIZENS' CLUB NEWS

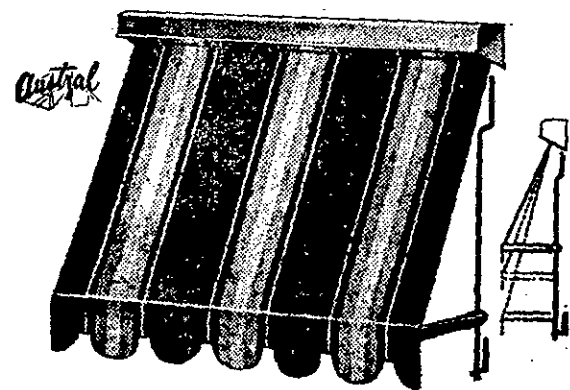

The committee of the Elderly Citizens' Social Club wishes to sincerely thank all helpers, donors of goods and patrons for helping make the street stall held last Friday such a success.

The next event on the social calendar for the club is the dance on November 16 — all members are invited to come along and enjoy themselves.

The committee will meet again on November 20 at 1.30 p.m.

Rotary Foundation Week

The Rotary Club of Altona, one of more than 11,500 Rotary Clubs throughout the world, will participate this week in a world-wide observance of "Rotary Foundation Week."

Mr. Victor Grant, president of the Altona Club, said the purpose of the observance is "To create interest in, enthusiasm for, and support of the Rotary Foundation."

"More than 500,000 Rotarians in 129 countries and geographical regions will observe the week of November 10-16 as 'Rotary Foundation Week,'" he said. "In doing so, we hope to further the objective of the Rotary Foundation: to promote understanding and friendly relations between peoples of different nations through projects such as Rotary Foundation Fellowships."

The Altona Rotary Club will be privileged with a visit from their District Governor in November. Therefore, they will celebrate the week at their meeting on Dec. 3 in Altona. The program includes an address by Melbourne Rotarian, Ron Cowan, from Trinity College. His subject will be "Rotary Foundation." An appeal also will be launched among Altona Rotarians for financial support for the Rotary Foundation.

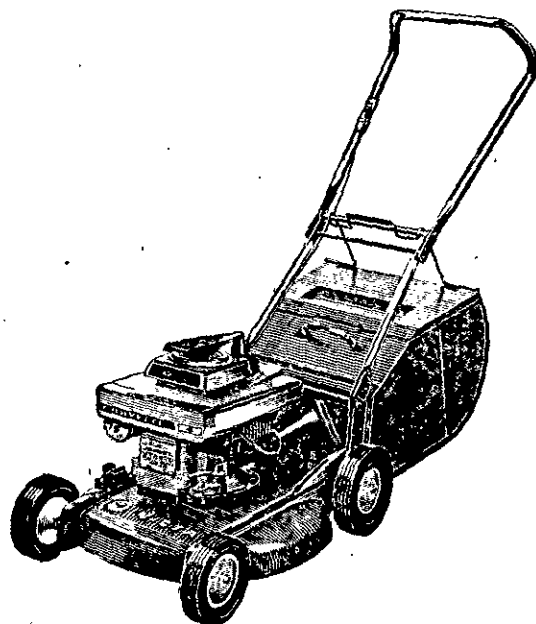

In November, 1962, the Rotary Foundation awarded 136 Fellowships to outstanding students for a year graduate study abroad as Rotary ambassadors of good will during the 1963-64 academic year. Awards for the 1964-65 school year will be announced during "Rotary Foundation Week."

Since the program was inaugurated in 1947, 1728 young men and women from 70 countries have studied in 58 countries on grants averaging \$2600. Since 1947, the Foundation has granted Fellowships worth nearly \$4,500,000.

In District 280 to which the Altona Rotary Club belongs 12 overseas students have been granted fellowships to attend the Melbourne University whilst six local students have been granted Fellowships to further their studies overseas.

Ratepayers object to Private Street Scheme

(Continued from Page 1)

Since this date, as everybody knows, the cost of the quarrying materials has increased considerably. Mr. Simmons said, secondly, as there is only a certain amount of finance for private street construction, the council, following the lead of other councils, adopted a contractor finance scheme for private street construction. Partial street construction had been offered to and knocked back by these ratepayers, therefore, the council did the next best thing and arranged contractor finance for full street construction.

Contractors price is greater than anticipated at £6/19/6 per foot against the estimated £6/5/- per foot through council finance. Contractor finance scheme costs more but Mr. Simmons suggested if the roads are not constructed this year the price will rise year by year as it has been doing for some years and residents will pay more again. In the past some people have had to pay enormous amounts of money for roads which, as Mr. Simmons said, they do not use any more than others.

Cr. Cresser sympathised with the objectors and, considering rock charges to have now got out of hand he suggested sending copies of all the objections to the Minister for Local Government.

Cr. Ginfier said he had formed the opinion that the objections were not against the charge per foot but against the Unit System of assessing the charges. He thought the adoption of this method was a progressive step forward but in view of the new contractor financing scheme and the objections received he said council should reconsider the method. He could see no great advantage in receiving a deputation in two weeks time.

Five residents visited him at his home, said Cr. A. W. Bond. They did not object to the construction of their road, but to the rise in costs and particularly to corner block costs being added to their charges. He said he was the instigator of the people being present at the meeting.

It was then on Cr. Lee's motion agreed to adjourn the council meeting and go into committee to discuss the matter.

When they returned standing orders were suspended and the objectors invited to select three spokesmen, each to speak for five minutes.

The first speaker, a resident of Cleghorn Avenue, for 14 years, said six years ago councillors told him his street would be the first constructed. He apparently considers he has had little return for his rates.

Mr. Jan Roszkowski of McDonald Avenue, asked if the price of £417 was a set price.

An estimate replied Cr. den Dulk. Tenders will be called. Could be more!! (from the gallery).

Another speaker said purchasers of corner blocks know they must pay and expect road charges of approximately £1000, now they only pay £556 and his jumps to £417.

Mr. Kelly of Wilga Avenue, (a street in no way connected with this scheme), suggested the Unit System was fair to corner and wide blocks but unfair to older residents who have already paid large amounts in road making charges.

Cr. Lee said he was responsible for moving the motion adopting the unit system of charging which they considered would be a more equitable system for all. He gave notice of motion to rescind the unit system of assessing street charges to be brought forward at the next council meeting.

The scheme will be re-drafted and worked out again.

Last March a decision was made to go ahead with partial construction of these streets. But following objections to partial street construction the scheme was dropped. At the time the council was unable to consider full street construction. However, under amended regulations, and because the availability of contractor finance the council was able to bring forward the scheme for full street construction.

SURF STREET NOT TO BE CLOSED

The previous decision to close Surf Street, Seaholme, has been rescinded by the Altona Shire Council. This follows the presentation of a petition signed by 33 Seaholme residents objecting to the closing of Surf Street.

The decision to close the street had been made by the council after objections by residents of corner blocks on Surf Street had been heard by council. They objected to being charged for the full cost of construction of this access road which has no properties fronting it.

This latest decision by council means Surf Street will be constructed and the corner block owners will bare portion of the cost.

The residents who signed the petition objected to the discontinuance of the road on the following grounds—

Surf Street has been a public roadway for at least the past 40 years.

Closing of the street would cause a great inconvenience to residents of the Esplanade High Street and Queen St. Esplanade residents would be compelled to walk further to the railway station and the telephone. The others would have further to go to reach the beach front.

They considered the closure a serious curtailment of the civic liberties and rights of a considerable number of citizens.

They sympathised with the property owners bordering Surf Street, but considered the owners, on buying these properties, must have been fully aware of future street costs which would be eventually charged.

The objectors also said they had copies of letters and petitions dating from 1951 to 1960 requesting construction of the street which, they said, leaves no doubt that they have long desired the construction of Surf St.

BREAD WEIGHT NOT DECIDING FACTOR

At a recent conference some interesting comments were made by Mr. J. Mellors, Altona Health Inspector, in his capacity as president of the Institute of Weights and Measures.

Bread is generally purchased because of the way in which it is presented—weight is ignored. With the continental type of bread it was hard to distinguish between a Vienna Loaf of 1½ lb. and an ordinary loaf of 2 lb.

Inspectors have found bread weights reduced by considerable amounts, especially where Sunday baking is concerned.

Mr. Mellors called for a standardised law for manufacture of bread in Victoria.
